

# ROSE PHARM

made with  
**100% Organic Peppermint Oil**

[www.pharmsolutions.com](http://www.pharmsolutions.com)

## TREATS:

Black Spot,  
Powdery Mildew,  
Rust and Rose Pests

**Concentrate**

## All-natural & Bio-degradable

**Active Ingredients:** Pure Oils of Soybean Oil 3%, Organic Peppermint Oil .10% and Rosemary oil .10%

**Inert Ingredients:** Food Grade Oleic Acid, Non GMO Canola Oil, USP Grade Glycerin and Carbonic Acid Monopotassium Salts, Potassium Chloride and Water: 86.8%

**For Best Results:** Infestations: Mix 4 parts water to 1 part concentrate and spray weekly until pest pressure is eliminated. For Scale: Remove affected leaves first then spray an even mist on well-watered plants. For regular maintenance: Mix 8 parts water to 1 part concentrate spraying every 7-10 days. **SPRAY AT DUSK** this lengthens drying time and treatment. Thoroughly water plants in the A.M. At dusk spray a fine even mist on leaves top and bottom canes and (if you have blackspot) the base of the rose. Please do not over spray. There should not be a soapy residue on the leaves.

Applications during mid-day or high temperatures may cause leaf burn or leaf fall, neither of which should harm the plant. Please test on seedlings and ornamentals before full application. Pharm Solutions products are safe, bio-degradable, and will not harm beneficials should they land on treated plants. Do not use within 30 days of a sulfur application. Avoid wood siding.

**Controls:** Mealybugs, Ants, Thrips, Aphids, Spider Mites, Whiteflies, Scales, Leafhoppers, Earwigs and more. Repeat at first sign of infestation. Use our **Garlic Pharm™** between applications to repel insects.

**Patent Pending**

Your pure and natural answer to Garden Pests. Designed with your family and the environment in mind, all ingredients are pure and natural, food or pharmaceutical grade.

**For Outdoor Use Only**

## Positively

**No animal testing**
